

Home Page

Media Tabs

Click a tab to display its image type in the Center column.

- Photos** Current and archive news images that support news.
- Graphics** News-related graphic art created at the AP that may contain tables, charts, graphs, or maps.
- Historical** The best of AP's growing historical image collection.
- Publicity** Business and public relations photos from AP Image content providers.
- Audio** Current and archive audio clips that support the news.
- Calendar** An event calendar that allows non-AP Image users to view current or upcoming AP photo events.

Search Panes/Navigation

Click a link within a pane to display its results in the right-hand column.

Search Pane	Description
Recent Searches	Selected: The number of selected images from the search results. Click Download to download the selected images. Click View to view all selected items in a separate page. Click Clear to unselect the images. Recent Searches: A list of your most recent searches entered in the Search box. Click a recent search name to rerun the search. Click Clear to remove the list from this pane.
Showcases	Image collections that AccuWeather Editorial staff defined as interesting and newsworthy. Event thumbnails appear on the home page.
Features	Event names that Accuweather Editorial staff defined as noteworthy.
Categories	Your entitled news event names. Event thumbnails appear on the home page.

Search Comparison

A search compares the entered expression or criteria to the metadata values of all available images and returns all matched results. By default, multiple entered words are treated with an AND operator between them.

Navigation Links

Click a link to return to the homepage or access contact information. These links are accessible from all Web site pages.

Advanced Search Link

Click this link to perform a more detailed search from the *Advanced Search* window.

Search Tips

Click this link to reveal helpful hints for building Search box expressions. Click this link again to hide the hints.

Simple Search Box

Enter a text string or Boolean phrase, select how far back to search the images from the date menu and click .

Right-hand Pane – Event Thumbnail Sections

Only a limited number of events appear under the section headings.

To display...	Do this...
All associated events	Click the heading's View All link.
The image caption	Move the mouse over the event thumbnail.
All images in an event	Click the event thumbnail or title.

Operating System/Web Browser Requirements

Windows 98+ Platform	Internet Explorer 6.0 or later, Mozilla Firefox 1.5 or later
Mac OS X 10.2 Platform	Mozilla Firefox 1.5 or later, Safari 2.0.2 or later

Viewing Search Results

The search results appear in the right-hand column. Depending on the search, a display of all related image events may appear. This page displays a thumbnail of one image from each event. Click the event thumbnail or title to display all of its associated images.

The screenshot shows a search results page for 'space shuttle'. The search bar contains 'space shuttle' and 'Refine Search'. Below the search bar are filters for 'Events (40+)', 'Featured Person (40+)', 'Person (40+)', 'Keyword (40+)', and 'Photographer (40+)'. The results are sorted by 'Relevance' and show a grid of image thumbnails. Annotations include:

- Select an action to perform against the selected images
- Search for images in these groups
- Search within the current results
- Change the layout of the search results
- Search for images that are similar to the current results
- Page through search results
- Select a sort style (by relevance, date, or alphabetically by photographer or event name)
- Event name
- Image ID
- Select an action to perform against this image
- Click to display Enlarged View; Hover the mouse over the image to display its caption

Click an image thumbnail to view the image in its *Enlarged View* window.

Searching Within Groups

Click one of the group links to search for all images related to that group. For instance, click **Photographer** to see all photos about this event/search from a particular photographer. As you make these group selections, a search "breadcrumb trail" appears.

space shuttle and "DAVE MARTIN" and "SHUTTLE MEMORIAL" (1-6 of 6)

Click to the right of the group selection to remove it.

Action Menu

Some actions that you can select from this menu include downloading and viewing selected images.

Thumbnail Layout

Brief View – The view that is displayed in the screen above; **Image Only** – Removes all image information, revealing only the thumbnails; **Full View** – Adds the caption associated with each thumbnail and rearranges the image information.

In addition, you can also specify whether to show icons, particular metadata (labels) and the number of images to display per page.

Performing Advanced Searches

The Advanced Search window includes the following fields and options:

- Search Terms:** space shuttle (Callout: Enter a keyword, text phrase, or Boolean phrase)
- Arrived Within:** Previous 7 Days (Callout: Select how far back to search for images)
- Created Between:** (Callout: Enter dates or click icons to select dates from a calendar)
- People:** (Callout: Enter the full/partial name of a newsworthy person)
- Category:** All Events (Callout: Select the news category)
- Media Type:** Photos (Callout: Select the media type)
- Sort:** Relevance (Callout: Select a sort option to arrange search results)
- Source:** (Callout: Select the image's source code)
- Image IDs:** (Callout: Select the image's ID)
- Orientation:** Either (radio button selected), Vertical, Horizontal (Callout: Select the image orientation)
- Color:** Either (radio button selected), Color, B/W (Callout: Select the image color)
- Photographers:** City, State, Country (Callout: Enter the photographer's name)
- Event:** (Callout: Enter the image's Event name)
- Group:** (Callout: Select to group the search results by their events)

Buttons: Reset, Clear, Search, Cancel, Close

The *Advanced Search* window allows you to create, run and/or save new searches. To open this window, click **Advanced Search** from any Web site page.

Only specify the search criteria necessary to find your desired results.

Click...	To...
Reset	Change menu and options back to their default values.
Clear	Clear text from criteria boxes.
Search	Run the search.
Cancel or Close	Close the window without saving any information.

Viewing Images/Enlarged Views

Enlarged View

Click an image's thumbnail to display a larger view of the image in a separate window known as the *Enlarged View* (contains the image plus its associated metadata).

The Enlarged View window displays:

- Similar Images:** A column of thumbnails on the left (Callout: View similar images in a slideshow; Hide the similar images column).
- Image ID:** 080207032667 (Callout: Image ID number).
- Actions:** Download, Print Preview, Quick Save (Callout: Download, print, or save a preview of the image to your machine).
- Navigation:** Prev, Next buttons (Callout: Scroll through similar images).
- Metadata:**
 - Location:** Cape Canaveral, FLORIDA, UNITED STATES
 - Event:** Space Shuttle
 - Creation Date:** Thu, Feb 7th 2008 3:53:39 PM GMT
 - Submit Date:** Thu, Feb 7th 2008 10:10:59 PM GMT
 - Transmission Reference:** V67450
- Caption:** The space shuttle Atlantis lifts off Thursday afternoon Feb. 7, 2008 beginning an 11-day mission to the international space station at the Kennedy Space Center in Cape Canaveral, Fla. (AP Photo/Chris O'Meara)

Click thumbnail to view the item in this window

Image details – values allow you to target/narrow searches within AP Images

If available, click a link in the image details to display search results related to that particular item.

Similar Images

Images from similar events are displayed in the left column.

Click a thumbnail to display its Enlarged View in this window. Perform an action against a single image by choosing it from its action menu. Perform an action against multiple images by selecting them and choosing the action from the **I want to** menu. Move your mouse over a thumbnail to display its caption. Click **Hide Column** to hide this column.

Downloading Images

To download images, perform ONE of the following actions from the search results:

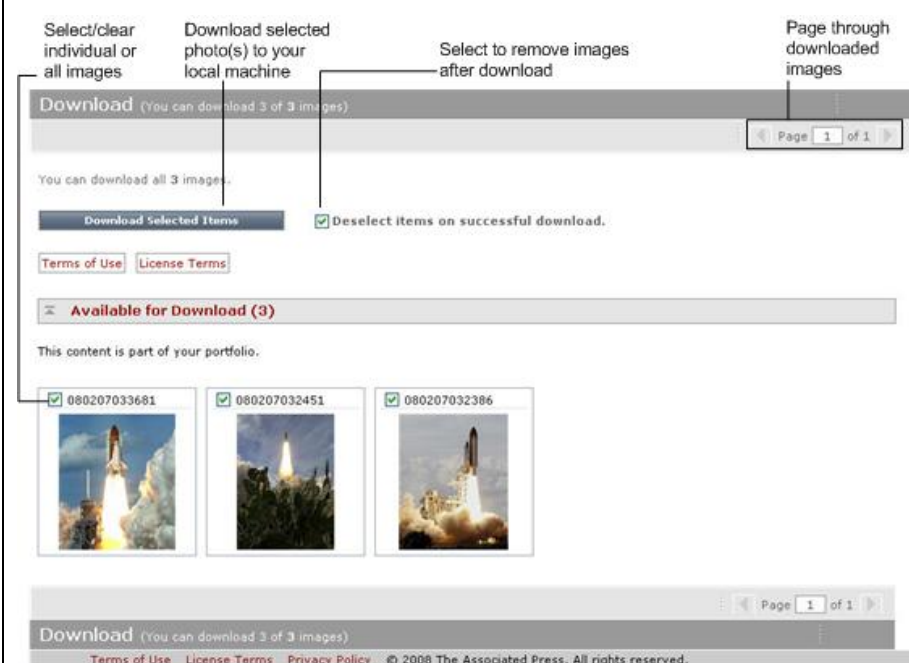

To download...	Do this...
One image	Click  under the desired image thumbnail.
Multiple images	Select the desired images. Then, click the action menu and select <i>Download all</i> .

Select/clear individual or all images

Download selected photo(s) to your local machine

Select to remove images after download

Page through downloaded images

The screenshot shows a 'Download' interface with a header bar indicating 'Download (You can download 3 of 3 images)'. Below the header, there are three image thumbnails, each with a checked checkbox. A 'Download Selected Items' button is visible, along with a checkbox for 'Deselect items on successful download.' The page also includes 'Terms of Use' and 'License Terms' links, and a footer with copyright information for 2008 The Associated Press.

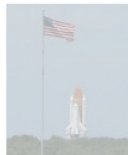

The *Download* page appears with your selected image(s). You have a final opportunity to clear any images from the download. Multiple downloaded images are zipped into a single file.

Some downloaded images may have restrictions associated with them, such as an extra download cost.

In addition, you can also download an image from its Enlarged View by selecting *Download* from the **I want to** menu.
